

AUTOMOTIVE HALL OF FAME

# ACHIEVEMENT TRAVELING EXHIBIT

## The Exhibit

The Achievement Traveling Exhibit is a dynamic celebration of Black innovation, invention, and leadership within the automotive industry. Through a multi-channel experience, the exhibit explores the profound impact of the industry on Black families and communities. Organized around key themes like How We Live, How We See Ourselves, How We Work, Impact of Innovation, and Industry Influencers, we've curated stories that recognize the significant contributions of 19 African Americans to the automotive industry. This exhibit is our first effort in collaborating with the community to share these important stories.

## Our Focus

- Creating a space to tell stories about contributions to the automotive industry
- Keeping the stories of discovery and achievement alive
- Sparking conversations among new generations
